PROFESSIONAL EXPRESSION OF INTEREST

MEAL Trainer

Opportunity	Professional Expression of Interest (EOI)
Profile	MEAL Trainer
Engagement	Assignment-based consultancy / short-term engagement
Training Delivery Modality	Online and/or In-person (Syria)
Deadline	05 November 2026, 23:59 Syria time

About the EOI

MEAL Bridge Consulting LLC, through its Academy division, invites trainers, practitioners, facilitators and subject-matter specialists with expertise in Monitoring, Evaluation, Accountability and Learning (MEAL) to express their interest in joining the Academy trainer pool. This EOI is intentionally open: we want to understand who is interested in contributing, what they can offer, and how they would like to work with the Academy.

Applicants may offer an existing training, deliver an Academy offering, co-develop a new training with MEAL Bridge Consulting LLC, through its Academy division, or propose another relevant contribution within the MEAL field. Existing materials are welcome but are not required. Proposed content may be reviewed and adapted collaboratively to align with Academy guidelines, audience needs and quality standards.

Areas of Interest

We welcome expertise across Monitoring, Evaluation, Accountability and Learning, including evaluation, research and assessments, data collection and analysis, MEAL systems and frameworks, indicators and tools, reporting, learning, accountability, and related humanitarian and development MEAL topics. Applicants are encouraged to identify their specific areas of technical strength.

What We Are Looking For

- Relevant MEAL subject-matter expertise or professional experience demonstrated through practice, training, research, evaluation, assignments or other relevant work.
- Ability to connect MEAL concepts, tools and methods to practical humanitarian, development or organizational contexts.
- Ability to facilitate practical and engaging learning rather than relying only on lecture-based delivery.
- Interest in interactive, participant-centred and real-world learning approaches, including exercises, cases and applied tools where appropriate.
- Arabic is highly desirable; English is an asset. Other languages are welcome.

How You May Contribute

- Deliver an existing MEAL course or training offered through MEAL Bridge Consulting LLC's Academy division.
- Bring an existing MEAL training or learning product for potential review and adaptation.
- Co-create a new MEAL course, workshop or learning product with MEAL Bridge Consulting LLC, through its Academy division.
- Facilitate other relevant MEAL, evidence, research or capacity-building activities.

Information Required in the EOI

Please provide the following information in your submission so that we can understand your profile and potential fit from the outset:

- Professional profile/CV and relevant experience.

- Areas of expertise and specific topics you can train or facilitate.
- Your preferred contribution: existing Academy training, your own training, co-development, or other.
- Examples or links to existing training materials, courses or relevant work, if available.
- Training/facilitation approach and experience with interactive or practical learning.
- Languages in which you can deliver.
- Delivery preference: online, in-person, or both.
- For in-person delivery: country, city/region and areas where you can work or travel.
- General availability.
- Expected hourly rate and currency.
- Expected daily rate and currency, and the number of hours you consider a training day.
- Any assumptions regarding preparation, adaptation, material development, travel or other assignment-related work.
- Relevant qualifications, certifications or other information you would like the Academy to consider.

Engagement

- EOIs may be considered for current or future Academy opportunities.
- Suitable profiles may be retained, with the applicant's consent, for future opportunities.
- Engagement will depend on the requirements of each assignment, trainer profile, availability, delivery format, fees and other relevant conditions.
- Submitting an EOI does not guarantee an assignment, contract, or inclusion of proposed training in the Academy portfolio.
- Any engagement will be subject to assignment-specific terms and the applicable contracting process.

Submission Deadline

Please submit your Expression of Interest by 25 October 2026, 23:59 Syria time. Applications will be reviewed as part of the Academy's development of its trainer and learning-partner pool.

Applicant information will be handled for selection and potential engagement purposes in accordance with MEAL Bridge Consulting LLC's applicable privacy and data-handling arrangements.
